STUDY IN THE UK

Chevening is the UK government's international scholarship and fellowships programme. Funded by the Foreign, Commonwealth and Development Office and partner organisations, Chevening offers two types of awards - Chevening Scholarships for master's degrees and Chevening Fellowships for mid-career professionals.

It doesn't matter where you come from, it's where you're going that counts. Successful Chevening candidates come from a diverse range of countries and backgrounds, but they all demonstrate the passion, vision and skills needed to shape a better world.

There are many benefits to being selected, including fully funded tuition or programme fees, living expenses, and return flights to the UK. Other benefits include gaining access to exclusive networking events, workshops, talks, internships, and volunteering opportunities. At the end of your scholarship, you will be equipped with the knowledge and networks to bring your ideas to life and thrive in your career.

Upon completion of an award, Cheveners join a global network of over 50,000 alumni. Chevening Alumni have an excellent record of rising to positions of leadership and bringing fresh ideas and positive change to a wide range of fields including politics, business, arts and media, civil society, and law.

#BECHEVENING

Studying in the UK on a Chevening Scholarship is a once in a lifetime opportunity. The UK has a unique education system that enables you to develop the skills and knowledge that you can't get back home.

CHRISTIAN ESTIMADA

Connecting with fellow Cheveners and studying at a university I only ever dreamed of studying at; those are the best things about Chevening!

ANASTASIA ALUVILU

The thing I enjoyed most about Chevening is learning about the history and the culture of the UK and meeting international students from all over the world. Chevening helped me obtain an education in one of the world's leading universities which has helped me to progress my career and achieve my goals.
